a criminal investigation and without the permission of a coroner or a law enforcement officer, to knowingly or intentionally alter the scene of death of a person who has died from violence or in an apparently suspicious, unusual, or unnatural manner. (Current law provides that it is a Class D felony if a person moves or transports the body.) Defines "autopsy" for purposes of the law requiring a coroner who performs an autopsy to bill the county in which the incident causing the death of the autopsy subject occurred. Provides that if an Indiana resident dies in an Indiana county as a result of an incident that occurred in another Indiana county, the coroner of the county in which the death occurred may not request an autopsy to be performed on the Indiana resident until the coroner of the county in which the death occurred has consulted with the coroner of the county in which the incident occurred. Requires a coroner to follow the Uniform Anatomical Gift Act concerning organ and tissue procurement. Repeals provisions: (1) authorizing a coroner to issue a warrant for the arrest of an individual whom the coroner is charging with a felony; and (2) requiring a coroner or a coroner's representative to attend meetings of the commission on forensic sciences when invited.

A person who submits an application to a court under this subsection shall notify the appropriate prosecuting attorney that the application has been submitted. A hearing concerning an application may be conducted in camera to protect the confidentiality of information contained in the report. The court may rescind an order issued under subsection (c) only if the person who submitted the application demonstrates by a preponderance of the evidence that:

 16 report beyond that information that may otherwise be disclosed by a
 17 coroner under this section. This prohibition does not apply to

(c) A prosecuting attorney may submit a written application to the appropriate circuit or superior court for an order that requires the coroner to keep a report described in subsection (a) confidential. When ruling on an application for an order submitted under this subsection, the court shall state its reasons in writing for granting or denying the application. If a court issues an order under this subsection that restricts public access to a report described in subsection (a), the order must not:

A hearing concerning an application may be conducted in camera to protect the confidentiality of information contained in the report. The court may rescind an order issued under subsection (c) only if the person who submitted the application demonstrates by a preponderance of the evidence that:

- (2) access to or dissemination of information in the report will not create a significant risk of harm to the investigation of the death.

When ruling on an application submitted under this subsection, the court shall state its reasons in writing for granting or denying the application.
